Indiana has not enacted legislation to create a rare disease advisory council.

### Individual Insurance Market Protections

**Pre-existing conditions protections:** Indiana prohibits pre-existing conditions exclusions.

**Short-term, limited-duration and association health plans:** Indiana does not place any stricter limitations than current federal standards on short-term, limited-duration health plans. Indiana requires that an association form for a purpose other than offering insurance and be in existence for a minimum of one year before offering coverage.

**Reinsurance:** Indiana has not yet sought a section 1332 waiver to establish a reinsurance program.

\*Although stated eligibility level for parents of dependent children would not warrant an "A," state has expanded Medicaid to enable individuals previously ineligible for Medicaid to become Medicaid eligible up to 138% eligibility FPL and, therefore, earns an "A."
