Individual Insurance Market Protections

Pre-existing conditions protections: Only current federal protections apply in Kentucky.

Short-term, limited-duration and association health plans: Kentucky does not place any stricter limitations than current federal standards on short-term, limited-duration health plans. Kentucky requires that an association form for a purpose other than offering insurance.

Reinsurance: Kentucky has not yet sought a section 1332 waiver to establish a reinsurance program.

*Although stated eligibility level for parents of dependent children would not warrant an "A," state has expanded Medicaid to enable individuals previously ineligible for Medicaid to become Medicaid eligible up to 138% eligibility FPL and, therefore, earns an "A."
